

Your customers demand results... We deliver them. There is one factor that always exists in every successful project, and we know what it is: It's the People.

About Us

JEFFERSON is 30 year-old Information Technology Solutions and Services company. The corporation provides a variety of both project staffing capabilities and business solutions services. **JEFFERSON** is a certified, 100% owned and operated minority business enterprise and historically underutilized business (HUB). We focus on improving the People, Processes and Technology that support your business.

About Internet

Your website says a lot about you as a company. It should be designed to get users to the content they need with the right amount of graphics and to present volumes of information on the screen cleanly and clearly. We provide expert advice on how you and your organization can best make use of the Internet. Internet marketing and publication should become one part of your overall marketing and communication plan. We develop professional, high-quality sites that build the trust, recognition and credibility of your business in the eyes of your customers. We have experience providing solutions in the following areas:

- Needs Analysis / Web Site Design
- Web Site Maintenance
- ECommerce Initiatives
- Intranet Applications

Our Approach

JEFFERSON works with clients to identify and realize potential to increase their return on investment and enhance their relationships with customers. As a solutions provider, it is our obligation to identify opportunities for cost savings and suggest alternatives to the client, especially when these options will have minimal impact on project goals and timelines. Jefferson has proven success as a systems integrator for large, complex projects because of our ability to manage and deliver solutions to our clients on time and within budget.

Whether you are developing a new website for your organization or accepting credit card payments through your site for the first time, why not call the company that has the experienced people?
